THE FORMER SUGAR FACTORY SITE

REVITALIZING THE BROWNFIELD "The Site of the Former Sugar Factory"

Community	Ćuprija Municipality
Name of Investment Opportunity	Construction and revitalization of industrial facilities on the former sugar factory site
Investment Overview	<p>The former sugar factory complex in Ćuprija is situated in Slavija, adjacent to the city swimming pools and at the entrance to the Minel Industrial Zone. This expansive site is divided into three plots (5130, 4498, and 4510) and encompasses over 50 buildings. As a brownfield site, it is characterized by dilapidated structures that are largely unused. The factory ceased operations in 1998, leading to significant degradation and neglect.</p> <p>Since 2018, following a court decision, the majority of the former sugar factory site has been owned by KBM ASCO DOO. The total area of the entire zone is 240,627 m², with KBM ASCO DOO owning 226,974 m² and the Ravanica Confectionery Factory D.O.O. holding 13,675 m².</p> <p>In total, the site spans 24 hectares, 6 ares, and 49 m².</p>
Available Documentation	General Regulation Plan for the City of Ćuprija
Ownership Status of the Potential Investment	The investment offer for available construction land is privately owned. For further information, interested parties can contact the Municipality of Ćuprija, Department for Local Economic Development, at: kler@cuprija.rs
Forms of Obtaining Use Rights	<p>Sale:</p> <p>The complex of the former sugar factory is available for sale. This prime location is situated in a fully developed zone with complete infrastructure.</p>
Investment Value	The average price per square meter for property tax assessment in the municipality of Ćuprija in 2023, applicable to real estate groups II and areas outside zones I and II, ranges from 955.30 to 3,100.00 RSD, depending on the specific location.
Current Infrastructure	<p>The land is situated in an area equipped with the following infrastructure:</p> <ul style="list-style-type: none">• Electricity: A 35 kV supply is available on the plot.• Water Supply: Connected to the city's water supply network, along with an additional private water source.• Sewerage: Connected to the city sewer system.• Gas: The gas distribution network runs through the zone.• Internal Roads: Internal traffic routes are planned as per the PGR. <p>Access to the site is provided by a well-maintained road leading to the Minel Industrial Zone.</p>

Transportation Connectivity

The land of the former sugar factory is situated between the E-75 highway (Belgrade-Niš) to the east and the state road IIA-158 (Ćuprija-Paraćin) to the west. It is located just 2.5 km from the city center, with the main entrance to the factory accessible from the state road IIA-158.

Additional Information

The complex of the former sugar factory in Ćuprija spans over twenty hectares and is ideally located near the city swimming pools and tennis courts, at the entrance to the Minel Industrial Zone and the exit from Ćuprija towards Paraćin. Established by the Czechs in 1911, the factory ceased operations in the late 1990s and was subsequently privatized. While most of the facilities are currently unused, the location offers excellent accessibility and complete utility infrastructure.
